

LOOKING FORWARD TO 2020

We at FACE couldn't be more excited for 2020 as we are poised for a fruitful year. Together, we are taking back the education of Christian children in America bringing solutions to parents, the cultural crisis, and to the church.

- Developing twelve Principle Approach demonstration schools across the country in 2020 with expert consulting, materials and research, tools for growth, deepened mission, trained leaders and teachers.
- Engaging two tracks of inspired and mission-focused teachers in the Principle Approach Master Teacher Certification Program to supply dynamic teachers and administrators for schools across the country and the world.
- Launching the FACE School Tool Kit to equip schools everywhere to work efficiently and effectively in performing the mission of restoring the culture through education.
- Supplying Principled Studies Groups to equip adult decision-makers with the pathway to restore the Republic through education in homes, churches, and community groups.
- Continuing the reach into churches to equip parents with Biblical worldview training in cooperation with dozens of like-minded ministries.

Appreciation for FACE Teacher Training 2019

Gratitude overwhelms me... God bless your generosity in preparing us to make the heart of a child completely pliable unto their Savior and lead others to do the same. Monica Nixon

May the Lord Guide FACE in this way, restoring United States Christian History, and simultaneously, blessing nations around the globe.
Andre and family

I want to express my gratitude for helping me attend this past summer teacher training... This year we will pioneer a Kindergarten class. I am truly excited about the opportunity and the experiences that lie ahead.

Foundations Christian School to open in Minneapolis

FACE is partnering with new school start-ups like Brad's in Minneapolis, MN, as God leads his vision to plant a Principle Approach school on the north side of the city. With a church committed to house the school, Brad is working diligently towards an August 2020 opening to include several elementary grades. FACE is in dialogue with many others who aspire to lead Principle Approach demonstration schools. These new schools would become models and inspire many others.
