Teaching Bible/Spanish
Class

Psalm 78:4

We will not hide these truths from our children; we will tell the next generation about the glorious deeds of the Lord, about his power and his mighty wonders.

Dear church and friends; Happy new year! I want to show you my gratitude for being part of my walk in this ministry, I recognize that your support has been a very important piece that has helped me to stay in this journey with Christ.

All your support is worth to recognize and give value. Remembering God's faithfulness through your life makes me give thanks. I send you a report of how it was last year, giving all the glory to God for his love and care.

For the favor of God and the help of many people we have remained in our first school year and it has been a great blessing, God has taught me that this work is like to sow seeds of truth in the hearts of these little ones and with faith we can declare that as long as they remain in the truth of God they will bear fruit in their time as it is written in Psalm. 1: 3

They are like trees planted along the riverbank bearing fruit each season the leaves never wither and they prosper in all they do.

**Sharing time in class
with the students**

Lillie 5 years Old

These are 5 of our students between 5 and 6 years old, they are very receptive to receive what God has for them every day. Every morning before starting class we have time to pray. It is very gratifying for me as their teacher, to listen when they share what they feel God is teaching them. Part of our mission as a school is to form a generation of leaders who will serve their nation with an excellence of a central Christ character and at the same time develop an excellent academic level. We know that this is possible if we teach God as the designer of History, Creator in Geography, Infinite in Mathematics, author in Languages and especially as the main Master from whom all wisdom comes.

Master of Education

Four months ago I started the Master degree of Education in the city of Mazatlan. I had the desire to continue studying and this Master will take me 2 years. The first day I had the opportunity to share with my classmates the reason for why I am in Mazatlan, which is to offer an education with principles. I have met people who have passion of Christian Education in Mazatlan. Part of the good news is that there are already churches that have risen interest to join this ministry. I ask for your prayers so that I can be a light to my classmates and share freely with Jesus Christ.

PRAYER POINTS

Grace: We ask a lot for your prayers, because serving in this project is to go against what is socially normal, and sometimes this goes against the laws of God.

Place: We have begun to look for a place where we can be installed next year as a school; We are looking for a place with enough classrooms.

Teachers: For the next school year. We are looking for teachers who have the passion to invest in Christian education in our country.

Here is our Foundations School Team. To the Left you can see Mrs. Andrea from Colombia, she teaches Spanish and Bible class. In the middle you can see Mrs. Madsen, she is The Principal in Foundations School, and to the right you can see me. Please keep us in your prayers for us to continue to be guided by the Holy Spirit to make this ministry successful.
