

REPORT

TO OUR PARTNERS

God is at Work in Restoring Education

Many years ago, seventy or so, the Lord inspired a young woman named Verna Hall with a vision of what our nation was becoming as a result of how we were educating children in our schools. Her life's work was compiling the evidence of the Christian roots of American liberty to enable teachers of children to return to the philosophy of education that built our liberty in the beginning. Because her vision was invisible to others, her work has been waiting on bookshelves for such a time as this.

However, that landmark work is alive, her vision now visible. Today the evidence of the degradation of the culture and the dismal state of the schooling we give our children is clearly seen and undeniable. It is the impetus of a movement among Christians to ask the right questions and find the practical help to reboot, rebuild, and renew!

*To educate a man
in mind and not in
morals is to educate
a menace to society.*

Theodore Roosevelt, 26th president
of the United States

This report documents how Verna Hall's work is launching authentic Christian teaching and learning today on many levels, for all ages, in diverse places, throughout our nation and around the world—spearheading

a movement of God. We are quipping parents and schools with Biblical Christian education in their homes and schools at an ambitious pace, for such a time as this!

Thank you for your partnership as we train teachers, equip parents and school leaders, provide curriculum and materials, keep the seminal books in print, and lay the track for this exciting way forward.

Top photo: A girls' cross-country team praying before a meet, encapsulates in the slogan "Run with a Purpose" from 1 Corinthians 9:16, the impetus of a new direction in the nation. The children who are in Principle Approach classrooms that spring from Verna's work are the rising Christian leaders—the hope of the future.

VISION: Raise an army of individual lives prepared to build the family, the church, and the nation through education in a Biblical-theistic worldview to glorify God above all and bless the people by applying wise principles to all areas of life.

Together we are moving the vision forward in 2020

We're launching and invigorating selected K-12 schools with teacher training and master teacher certification, milestone goals, tools and materials, conferences, and on-site support.

We're identifying Leading Principle Approach schools to serve as teaching centers in demonstrating authentic American Christian education in communities across the country.

We're mentoring school leaders with intensive training, opportunities to observe Principle Approach teachers, and to strengthen their school programs for greater impact and more excellent results.

We're providing Principle Approach summer training to individual teachers and faculties to serve Christian schools with on-going professional development.

We're inspiring and providing support to study groups in churches, homes and community groups to "Enlighten the Nation" with Biblical worldview studies.

We're conducting conferences and seminars to strengthen the church by equipping pastors towards enlightening the nation in the crucial issues of education.

We're leading the Christian Education Initiative (CEI), 22 education-focused ministries allied to present a strong voice for Biblical education in four areas:

1. Christian education "evangelism" to save children from the indoctrination of secular schools.
2. Christian teacher training for Biblical classical teaching and learning on all K-12, undergraduate, and graduate levels.
3. A national conference in 2021 to call the church to support Christian education.
4. Support for pastors in teaching Biblical worldview locally.

We're preparing Principle Approach master teachers, administrators, and home school parents in the "Foundations of Authentic Christian Teaching and Learning Certification Program"—launching three-year cohorts of study, practice, and preparation to raise an army of Christian leaders to restore the Republic and to rebuild the culture.

Global Impact

Applying a Biblical Worldview to cope with, and overcome, the COVID-19 crisis in Brazil.

AECEP, an association of 150 Principle Approach schools in Sao Paulo, Brazil led by Roberto Rinaldi, was hit by COVID-19 resulting in government measures to shut down schools in early March, thus instigating a series of legal and economic issues.

AECEP rolled out several initiatives that have proved to be providential in helping schools to cope, plus mitigate the damages through this unprecedented challenge. AECEP's team provided guidelines for homeschooling, conferenced with principals and teacher coordinators, provided free material to support parents, created a Help Desk and established a prayer line to strengthen ties and dependence upon God.

Praise God! The team has received inspiring stories of self-sacrifice, collaboration, creativity and overcoming. The families and schools are growing stronger as they commit to raise the next generation in Biblical principles with God's blessing.

FACE continues to partner with AECEP for the expansion of Principle Approach education globally.

FOUNDATIONS
FOR AUTHENTIC CHRISTIAN TEACHING AND LEARNING
July 12-17, 2020 [FACE.net/Training](https://face.net/training)

News from the Frontlines

We're praising God for Christian patriots who realize the inroads of unrighteousness in our nation spring from the secularization of schooling and who join with us as partners to support and pray.

Top 1: Exodus Mandate Project announced the selection of Dr. Carole Adams as the recipient of the 2019 Dr. Robert Dreyfus Courageous Christian Leadership Award.

Middle 2: Pastors from Delray, Florida with the head of Women Impacting the Nation, Sue Trombino and Dr. Carole Adams.

Middle 3: School leaders are hosted at FACE preparing to launch training for the School Leaders Program. Pictured: Yiyi and Nate with FACE mentors.

Bottom 4: Dr. Lyons conducted a Leading School observation with school leaders from Madison, Wisconsin; Minneapolis, Minnesota; and Tyler, Texas.

Setting Priorities. Staying Focused. Getting Stronger. Making an Impact!

Priority 1: With students learning at home during COVID-19, we're FACE-to-face with the secular worldview many children are receiving in both public and private schools. In response, FACE is positioned to press in. We are equipping parents and schools with Biblical Christian education for "such a time as this!"

Priority 2: Current circumstances keeps us laser-focused in direct conversation and on-line teaching, mentoring, and supplying curriculum and teaching materials.

Priority 3: Moving forward by supporting parents who are directly confronting education in a new, unavoidable way that reveals both the need and opportunity to step up their duty to their children's character, spiritual growth and education.

Our long-term focus remains steadfast on:

- Covenanting with candidate schools in steps moving towards "Leading Schools" designation.
- Training teachers on all levels in Biblical/Principled education in our training courses July 12-24 on campus and online.
- Supporting "Enlightening the Nation Principled Studies Groups" in churches and communities across the nation.
- Publishing and teaching America's Christian history and method of education to restore Christian character and self-government.

Prayer is the first and most important mobilization of strength.

We are grateful for:

- 1 The exciting work of school leaders and teachers around the nation and the world who are planting Biblical principles in hearts to equip future leaders.
- 2 Thousands of children thriving in Principle Approach schools forming Christian character and conscience to change history.
- 3 Doors opening to opportunities for a new movement among God's people worldwide.

Please Pray for:

- 1 Funding Year Two of raising up fifty demonstration schools around the country to teach and plant truth in communities as a model to all.
- 2 The opportunity to provide support to parents who now are considering home schooling or organizing hybrid 'schooling' as a means of saving their children from the indoctrination of government education.
- 3 Wisdom to serve well as God provides and directs this ministry.

Please watch for a giving opportunity in May.

God moves His people to get involved, for such a time as this.

It is not too late to restore our nation. God is the author and He is still writing "His Story" and the story of America. You can have an impact! We ask you to help us equip an army of restorers on the front line of truth in education: Christian teachers, school administrators, churches, patriots, pastors, are all desperate for solutions.
