

## DEAR DR MAX.

We have made this card to thank you for your generosity and contribution towards us. It's a great blessing because it allows us to continue doing what we believe God has put in our hearts as a calling.

That is why we want to give you a summary of what we do and that way you can see part of the fruits that your help produces.

## FAMILY

1. The first thing we have proposed is to make our family a family for the **Glory of God**, obeying him in all things.
2. We have proposed ourselves to **educate and train our children** so that they do better things than us for the Kingdom of God. This is a full time job building the character of each one, teaching them principles and to obey God.

## THE MINISTRY

1. We work in **Youth with a Mission**, serving as leaders in a ministry that has different missionary training programs, a School of Education, a School of Filmmaking and a Government School, also a publishing house and a educational worldview videos for social media.

2. We lead the **virtual Government Bible School** that currently has around 150 students from 9 countries, many of them are leaders in different areas of society.
3. We also lead the **"Editorial Libertad"** (Liberty Editorial) that publishes books on education, economy, government, and family. [www. Editoriallibertad.com](http://www.Editoriallibertad.com)

4. Every year we hold **camps for young teenagers** and students to help them defend their faith in the midst of a postmodern world.

6. We are also developing a channel on social networks called **"VerdaderaMente"**, there we create educational videos on current issues from a biblical perspective.

## AGAIN, THANK YOU VERY MUCH.

Thank you because with your contributions you help us make this possible, it is a great blessing.

We want your offering to fall on **fertile land that will bear fruit** so that the Kingdom of our Father extends on earth.

A big hug and lots of love.  
**Paulo, Conny, Amy, Yoel and Nathan.**
