

REPORT

TO OUR PARTNERS

VISION: Raise an army of individual lives prepared to build the family, the church, and the nation through education in a Biblical-theistic worldview to glorify God above all and bless the people by applying wise principles to all areas of life.

Imagine with us a generation of children who recognize the sovereignty of God in all of life, who discern right from wrong, who understand law as the instrument of good to nurture good, protect goodness, and build good families, who speak from their consciences with conviction, who envision their destinies as fulfilling God's purposes for their lives, and who understand America as God's instrument of bringing civil liberty to men. This is what we see happening as the FACE Plan unfolds.

Because of your involvement, celebrate with us as we report how the Lord has gone before us, stirring hearts, awakening courage, and bringing hope for the future of our children in a significant and timely establishment of fifty Principle Approach Demonstration schools and teaching centers across the nation.

Educating children K-12 in Christian principles is urgently needed for multi-generational change in the culture and to sustain our liberty. By facilitating fifty Principle Approach 'Demonstration' Schools as anchors of truth in local communities across the country, we are placing "teaching centers" for parents, community groups, and leaders to rebuild the culture through Christian education.

We are witnessing a new determination among Christians to take a stand, recognize secular education as an avenue for every evil issue in our nation—and to reclaim the American culture for God and His truth. We are honored to be among the ministries God is raising up to lead the charge and excited to see numbers of patriots, parents, grandparents, teachers, and community leaders join us by praying, giving, serving, and teaching in their local communities.

Replicating the Successful Model of Principle Approach Education

THE FACE PLAN: To establish fifty K-12 Principle Approach Demonstration Schools and teaching centers across the country by raising \$5 million over five years—has garnered the enthusiasm of nearly 200 individuals we've personally met with who want to lend leadership and are already at work enabling a strong start. The details of The Plan include incremental steps of exponential impact. Thanks to your partnership **The Plan is making an impact on our children and on our nation.**

Martha Shirley, FACE Board Member and Director of Professional Development at StoneBridge School, demonstrates a Principle Approach literature lesson during Teacher Summer Training at FACE.

More than 40 pastors and Church leaders gathered at FACE to learn how to impact their communities for Christ through Christian education applying the Principle Approach methodology.

Teacher Summer Training

Nearly seventy individual teachers, parents, and patriots registered for the *Foundations for Authentic Christian Teaching and Learning* summer training that initiates certification of Master Principle Approach Teachers, July 21-26.

- The excitement and energy represented filled our halls and classrooms. Our vision, that we felt was so big, grew bigger as we witnessed God bringing many more opportunities. We are blessed beyond measure and looking forward to taking the next steps with each community represented.
- Educators attended from across the US and from Mexico, Brazil, Australia and Colombia.
- A dozen schools were represented including established schools, “hybrid” schools, and seven new founding school plans.

Pastors Briefing

Strengthening the impact of The Plan by encouraging and equipping pastors and other ministries

to support Christian education is a necessary component of any cultural change.

- August 8th approximately 40 pastors and church-affiliated ministry leaders met at FACE for a *Pastors Briefing* co-sponsored with us by the Black-Robed Regiment, a national ministry equipping pastors to impact their communities, and the Virginia Watchmen.
- Bringing the urgency of the Christian education of our children into the dialogue of the many ministries working towards renewal is an essential aspect of The Plan to be replicated in thousands of communities nationwide.

Lessons in Liberty

Through our new series, *The Bible and The Constitution*, FACE is teaching citizens to become influencers, able to readily defend their liberty and restore light to our nation. Visit FACE.net/LessonsinLiberty to learn more.

The Christian Education Initiative held its first annual strategic planning summit at FACE in August. CEI is a Bible-based, evangelical alliance of more than 20 member organizations whose purpose is to advance the Kingdom of God by growing Christian education.

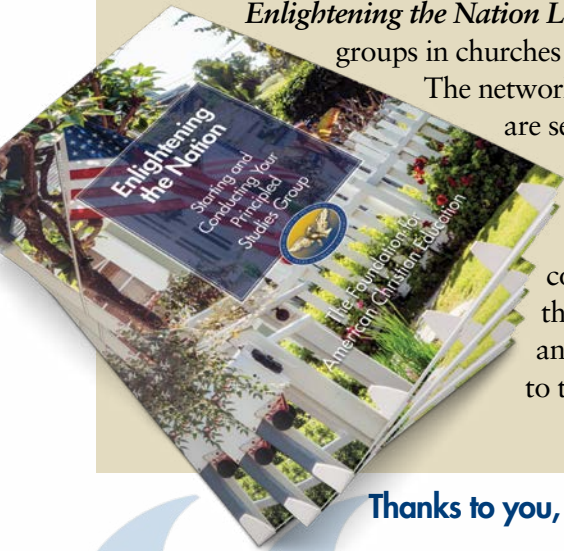

Christian Education Initiative Summit

CEI, an alliance of more than twenty like-minded ministries, gathered at FACE for a summit to join in speaking with a stronger voice the mandate for Christian education in the church and the nation today. CEI envisions flipping the 85% government-controlled vs 15% parent-directed education to 15/85.

Enlightening the Nation Study Groups

We are beginning community by community to share the vision and encourage study groups to restore biblical thinking and reasoning. To help facilitate study groups we published the *Enlightening the Nation Leaders Guide* for groups in churches or home settings.

The network of study groups are seeding an exodus of the secular monopoly of education to free communities to think and act right, and rebuild according to truth.

Alex Newman engages Christian leaders in a frank discussion concerning the impact of public education on our children. More than 30 attended the day-long session, who were also introduced to the Principle Approach method of teaching and learning. Alex was on the Virginia leg of his national tour, *Rescuing Our Children and Our Nation*.

Rescuing Our Children and Our Nation

Because the education of Christian children has too long been abandoned to the state, the message of its devastation of our purpose as a nation and the impact upon the church must be proclaimed from the housetops!

- We've supported and enabled the Alex Newman *Rescuing Our Children and Our Nation* national tour of forty states.
- In May, Alex spoke in Virginia to over 500 attendees in organizations, churches, schools, and families who heard the truth about the progressive education agenda and its impact on the nation through public education.

Thanks to you, the impact of our Teacher Summer Training is eternal.

In Jesus Name, thank you and thank you all for the outpouring of love, grace and truth this whole week made eternal in Christ. ...God bless your generosity in preparing us to make the heart of a child completely pliable unto their Savior and lead others to do the same. -Monica

What a marvelous week! Thanks to all of you at FACE from the bottom of my heart! I feel so encouraged and edified! This was my 5th year participating in the Summer Training. Every year has been an enlightening experience. I really am beginning to view the world differently! That sounds elementary but it was a profound experience for me. My worldview has changed and it is evident to me. -Anita

Prayer is the first and most important mobilization of strength.

We are grateful for:

- 1 Continuing enthusiastic interest and support of "The Plan"
- 2 Multiplication of the recent events reaching into communities and collaboration with many others
- 3 The thousands of children thriving in Principle Approach schools nationwide
- 4 For the restorative movement towards God and His purposes in America

Please pray for:

- 1 God's people to move "The Plan" forward with the funding needed by December 31 to reach our \$600,000 goal
- 2 God's leading and protection of Principle Approach educators in the United States and throughout the world
- 3 Protection and release of the 85% of American children who are currently being educated in public schools

Please watch for our year-end giving opportunity!

We move forward as God moves His people to get involved.

It is not too late to restore our nation. God is the author and He is still writing "His Story" and the story of America. You can have an impact! We ask you to help us equip an army of restorers on the front line of truth in education: Christian teachers, school administrators, churches, patriots, pastors, are all desperate for solutions.
