

FALL 2020 REPORT TO OUR PARTNERS

The Foundation for American Christian Education

While the very fabric of American liberty is under assault, there is an undercurrent of alarm among people of faith to reclaim the rightful place of Christ in the multi-generational march of the Gospel.

We are as grateful as we are excited to give you an update! With the impact of your support and partnership, together, and even with COVID limitations, we met our funding goal for the inauguration of the first year of the FACE Plan! We are seeing the Lord work in wonderful ways bringing the courage to take back the education of Christian children, to take on the study of the American Christian principles too often publicly abandoned, and to take up the vision of the work of restoring the Republic.

We have a tremendous opportunity now. Doors are opening in ways we never thought possible. Parents want to do better and we are responding to the need in big ways.

The COVID crisis in America has uncovered for many, many parents the breakdown of American education. The reality facing so many has not only been “how do I educate my children?” but the shock and realization of what the education system has become. Education is not revelatory of truth or enlightening the mind, but an indoctrination of control and subjection.

We are grateful to all of you who join with us daily in prayer and in financially supporting FACE to help make sure we can equip parents and schools for true education. God has given parents responsibility for training their children. Together we are equipping them with every good thing to bring their children faithfully into their fullest expression in Christ.

Your support has positioned FACE for tremendous growth and influence in 2021:

SUMMER TEACHER TRAINING of 140 teachers representing 20 Christian schools in 2 weeks of intense courses.

MASTER TEACHER PRINCIPLE APPROACH CERTIFICATION PROGRAM prepares teachers of teachers to multiply results.

PASTOR AND LEADER SUMMITS calling for the restoration of local communities through education.

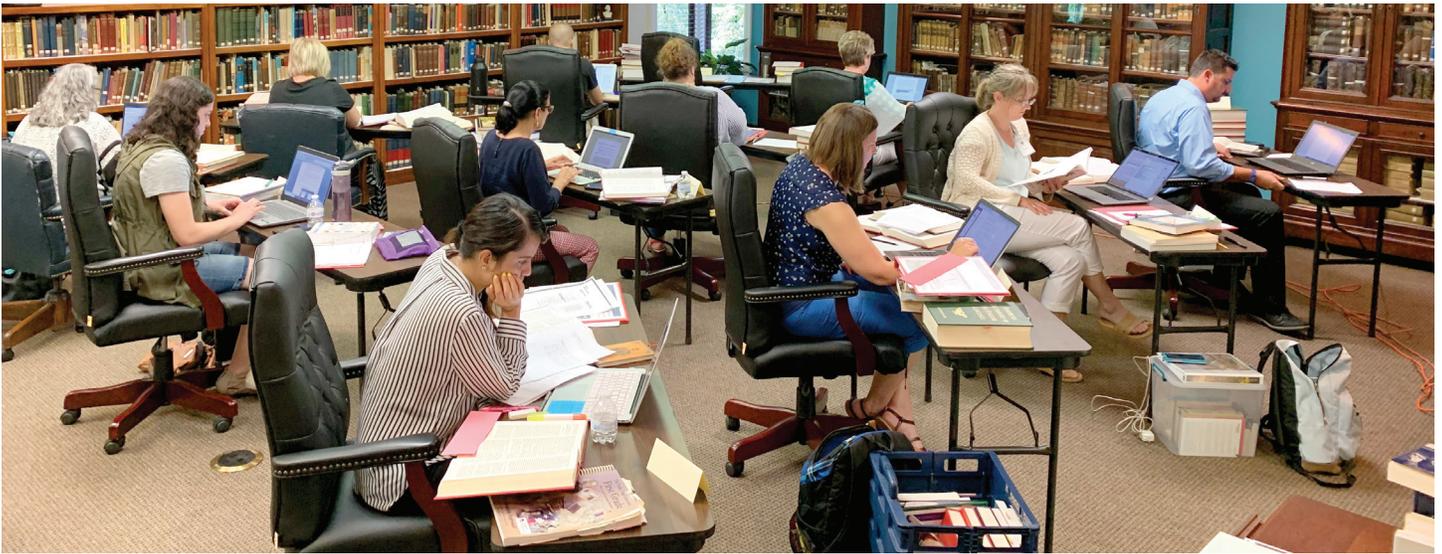

FACE LEADING SCHOOLS PROGRAM equips Christian Schools to impact their communities.

EQUIPPING THOUSANDS OF PARENTS to save their children from indoctrination and take back their responsibility for the Christian education of Christian children.

FACE PRINCIPLED STUDIES GROUPS equipping and support to educate homes, churches, and local communities in Biblical principles of life, education, and government.

Gratefully Yours,
Executive Vice-President

Casey Woodruff

Impact of Summer Training Teachers Speak:

My life has been filled with hope and purpose again. I feel equipped and supplied for the battle ahead, literally to rescue our children. Brenda from Florida

It was an incredible experience, I can say with all certainty that I learned many precious and effective things; my mind was renewed and transformed in many aspects. Mayara from Brazil

Excellent as usual, inspiring and uplifting during these current events. Each session offered much to think about and I will definitely re-watch them. I was online, so thankful that you have the resources to do that. Grace from Ohio

I trust there is going to be lasting fruit as a result of the faithfulness of you and your team. Thank you for believing in us and cheering us on. Jeff from Texas

Let our churches ring the school bells calling back the children of GOD to the classrooms of the righteous under heaven to learn of Him (Jesus) again that we may walk together! Monica from Oklahoma

Teachers learn from a Master Teacher who models a Principle Approach lesson demonstrating philosophy and methods during the Foundations Course.

Why the Principle Approach Matters?

Too many Universities and school systems are about radical left indoctrination, not education. Therefore, I am telling the Treasury Department to re-examine their tax-exempt status and or funding, which will be taken away if this propaganda or act against public policy continues. Our children must be educated, not indoctrinated!

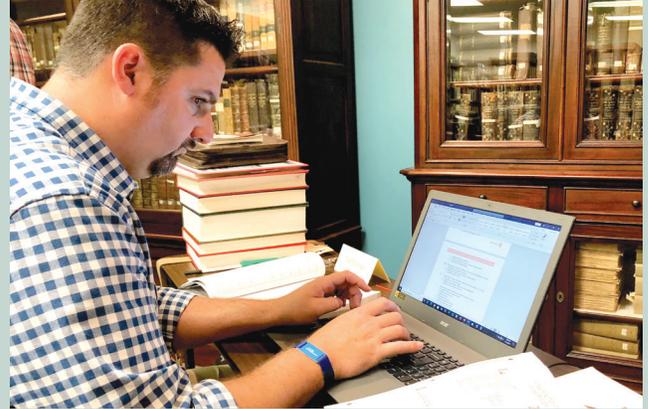

President Donald J. Trump

Social studies textbooks used in elementary and secondary schools are mostly a disgrace that, in the name of political correctness and multiculturalism, fiat to give an honest account of American history.

Dianne Ravitch, Educator and Author

FACE VISION: Raise an army of individual lives prepared to build the family, the church, and the nation through education in a Biblical-theistic worldview to glorify God above all and bless the people by applying wise principles to all areas of life.

A Generation of RESTORERS at Work in FACE Leading Schools

Meet Nate Mellinger

Principal, Twin Valley Bible Academy, Narvon, Pennsylvania

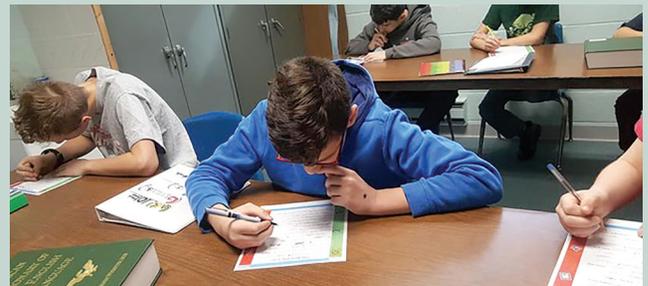

Nate Mellinger is partnering with FACE in the Principle Approach program with a strong vision for impacting the future of our nation through education.

He has a unique story, as he himself is the product of a Principle Approach education experiencing first hand the impact of what a Principle Approach school can do in a community. This is Nate's fourth year as principal at Twin Valley Bible Academy, after serving for nine years as Youth Pastor in the church that started the school. Nate and his wife Karen teach at Twin Valley and have four of their five children enrolled in the school.

Nate began working with FACE about a year ago to strengthen his teacher training by implementing Biblical worldview thinking into all their subjects. Last February, Nate observed at StoneBridge school and worked with other Principle Approach school leaders who shared the same vision. As a result, Nate registered all his teachers at Twin Valley in the *Foundations for Teaching and Learning* course this past summer. As the staff did the training together, they took ample time each day to talk through what they were learning and debrief—it was a real blessing. Here is what Nate had to say about the experience:

“Training does a work on the heart, it is not purely academic, it is heart and academic.”

“Teachers are super excited about the new approach to teaching, even with the COVID issues. They are emotionally

and physically drained because they are teaching from the heart but every teacher has been so excited about Principle Approach in their classroom and getting into the ‘Word’.”

“Teachers are owning their work, working hard and seeing the results in their own personal lives and in the lives of their students.”

“For me personally being in Administration, this year with COVID complications and many fires to attend to can seem like things are out of control, but it forces me to rely on the Word and having been a Principle Approach student I know we need to stick to this method and it will work.”

Please join FACE in praying for
Twin Valley Bible Academy:

- That they remain open and free of COVID.
- They balance between academics and Biblical application.
- For stamina and vision for faculty and staff.
- That God would accomplish His purposes for the school and in the lives of its students.

Setting Priorities. Staying Focused. Getting Stronger. Making an Impact!

Our long-term focus remains steadfast on:

- Developing Principle Approach Christian schools able to prepare Christian children to lead in restoring the culture for the family, the church, and the future of the nation.
- Training teachers to provide authentic American Christian education for Christian children.
- Supporting “Enlightening the Nation Principled Studies Groups” in churches and communities across the nation.
- Publishing and teaching America’s Christian history and method of education to restore Christian character and self-government.

Below: Community leaders, pastors, educators, and candidates for public office gather at FACE for the Leader’s Summit this summer.

Prayer is the first and most important mobilization of strength.

We are grateful for:

- 1 The FACE Plan Year One fully funded!
- 2 The greater number of parents and educators who are awakening to the new move of God in education!

Please Pray for:

- 1 Continued momentum of the work of FACE in the ‘face’ of a shut-down world.
- 2 The funding needs of Year Two of the FACE Plan of \$650,00 by year end.
- 3 The new Principle Approach schools being planted in faith in Christ in Virginia, Minnesota, Wisconsin, Texas, and internationally.
- 4 The teachers, school leaders, parents, and students who partner with us in the multi-generational plan to repair the fabric of the nation.

To restore Christian character and conscience to our children through education, we must be as knowledgeable about principles as the enemies of freedom are about the knowledge of issues.

Verna M. Hall

God moves His people to get involved, for such a time as this.
