

SPRING 2023 REPORT TO OUR PARTNERS

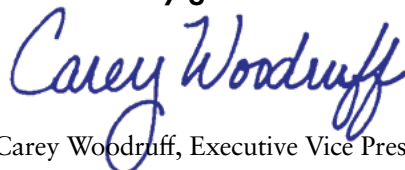

The Foundation for American Christian Education

APPLYING BIBLICAL PRINCIPLES TO ALL OF LIFE AND LEARNING

The Principle Approach method of education is not a new trend in schooling. It is the historic method of education of the first two centuries of the American founding that formed Biblical reasoning that structured our constitution for American Liberty. Rooted in a Biblical philosophy of education, the method forms the individual character, conscience, and Christian self-government by instilling Biblical reasoning. Tutorial in nature, individual students flourish in their God given gifts and talents to serve Him above all with the understanding to apply Biblical principles to all of life and learning.

Principle Approach brings the Bible back to the heart of education making it the foundation of all learning. The Christian scholarship that made America has surrendered to secularism, losing the long-held cultural commonality of a Biblical worldview. The Principle Approach revives true Christian scholarship to win again for our children today the leadership and wisdom God so liberally gives.

Carey Woodruff, Executive Vice President

BRAZIL

We welcomed Roberto and Ana Rinaldi to FACE for a day of coordination and planning. The Rinaldi's founded a Principle Approach K-12 school in Sao Paulo, Brazil in 1993. Their school became the flagship of dozens more schools throughout Brazil enabling Roberto to establish a support association—AECEP—a collaborative network of Principled Educational Approach schools that has grown to over 130 schools located in most states of Brazil reaching over 20,000 children. Roberto and Ana Rinaldi are visionaries whose work together continues to impact their nation, many other nations, and is reaching far further through the generations to come. FACE is privileged to call them partners.

Rebuilding the Culture Multi-Generationally for His-Story

Blessing our Schools

At the end of the year generous donors support our ‘Equip a Teacher’ campaign with the gift of an 1828 Dictionary. The Noah Webster’s 1828 *American Dictionary of the English Language* uniquely provides the original etymology of each word Webster studied in 26 languages. He gives examples of the original meaning as used in the Bible and classic literature. As our language is demoralized increasingly by progressivism, the original Webster’s dictionary increases in popularity and in value in the education of our children.

This year each of these schools gladly received a Dictionary:

- Vanguard Christian Academy, Kansas
- Tree of Life Christian Academy, Texas
- First Liberty Academy, Texas
- Oaks Christian Academy, Georgia
- Mobjack Christian Academy, Virginia
- Sequoia Christian School, Pennsylvania
- Courage Christian Academy, California
- Maximum Potential Christian School, Virginia
- Liberty Christian Academy, Florida

Thank you donors!

FACE Leading Schools Orientation Events

The FACE Leading Schools orientation is for those interested in starting a Principle Approach school. This is the first step in learning about the program and getting to see how FACE helps schools get launched.

Ten school leaders have attended the two-day orientation since January. It begins with an overview of the Biblical philosophy, methodology, and curriculum development of the Principle Approach method of teaching and learning. A visit to examine the Hall-Slater Library follows to hear the unique history of the Foundation for American Christian Education from FACE president, Dr. Carole Adams. This is followed by Executive Vice President Carey Woodruff sharing the progress of FACE’s exciting vision to start 50 Principle Approach teaching centers across America. Dr. Mike Myers, Director of the FACE Leading Schools Program presents an overview of how FACE covenants with schools in supporting school leaders to create multi-generational teaching centers in their communities. The orientation includes a tour and observation of classes at Stonebridge School in Chesapeake, VA, a FACE Principle Approach Demonstration school. Dr. Max Lyons, Director of Teaching Services, rounds out the orientation with an overview of the Noah Plan curriculum and other FACE support programs. The orientation is held quarterly as a first step of enabling a sound beginning to new school leaders.

Setting Priorities. Staying Focused. Getting Stronger. Making an Impact!

Our long term goal remains steadfast on:

- Developing Principle Approach Christian schools able to prepare Christian children to lead in restoring the culture for the family, the church, and the future of our nation.
- Expanding teacher training to provide authentic American Christian education for Christian children in multiple locations.
- Teaching the "Renewing the Mind for Teaching and Learning" on-line for those learning about Principle Approach.
- Publishing and teaching America's Christian history and method of education to restore Christian character and self-government.

Prayer is the first and most important mobilization of strength.

We are grateful for: our awakening to the
new move of God in education

Please Pray for:

- 1 Staffing needs of FACE as we hire new staff and mentors for the work ahead
- 2 Opportunities to expand our teacher training programs across the country.
- 3 Funding of the FACE strategic plan to prepare fifty teaching centers
- 4 The teachers, school leaders, parents, and students who partner with us in the multi-generational plan to repair the fabric of the nation.
