

**FACE VISION:** *Raise an army of individual lives prepared to build the family, the church, and the nation through education in a Biblical-theistic worldview to glorify God above all and bless the people by applying wise principles to all areas of life.*

Sixty years ago, many Christian leaders foresaw and forewarned of future times when Christianity and our American liberty would be threatened. Often, their concerns rang true to Christians but were unheeded because the threat was not perceived as imminent. Sometimes, the voices were strident or even hopeless, suggesting the doom of the Church Triumphant.

However, one Voice rose above the clamor to suggest the solution: saturate children in the love and knowledge of God through their daily education in a partnership between home, church, and school. This Voice was God's, repeated endlessly in Scripture as the only means to sustain the earthly Kingdom from generation to generation. This Voice did not urge reforming politics or mathematics, morality, or evangelism, although it would put each one on the correct track. It required a hearty, effective, and targeted means of teaching the love and knowledge of God in every area of daily life. In other words, teach a Biblical Christian worldview and the principles to discern truth.

We call this Principle Approach® education the one sure pathway to secure the future of our children and, thus, our nation. Sadly, ninety percent of Christian children sit in increasingly secularized and Marxist government school classrooms; we at the Foundation labor to restore the Biblical Principle Approach to education to form the character of Christian self-government and scholarship. Once again, America's Christian history and the method of thinking and living according to Biblical principles is alive and taught. This brings health to the church and the nation in restoring Christian character and self-government to future generations.

The blight of secular schooling is coming to an end for genuine Christian parents. This is why the Foundation for American Christian Education was founded and exists, "for such a time as this."

A new generation will joyously proclaim His righteousness and all He has done.

Posterity will serve Him; they will declare the Lord to a new generation. They will come and proclaim His righteousness to a people yet unborn—all that He has done.

*Psalm 22:30-31 BSB*

## Small Beginnings, Big Vision

“Do not despise small beginnings, for the LORD rejoices to see the work begin...” Zechariah 4:10 NLT  
Headmaster Paul Dematatis, in Madison, Wisconsin, reports God’s blessings upon All Nations Academy (ANA). Paul and his team have prayerfully and purposefully started small and are building gradually to ensure a strong foundation for this budding Principle Approach school. This year, the school expanded grades and added faculty. ANA parents are

delighted with the progress of their children enrolled in the school. Paul shared a recent parent testimonial: “I realize how profoundly thankful I am for ANA. [Our son] is being trained to LOVE school, and he is always studying on his own time. [He] is being sharpened academically, and the kid practically knows more of the Bible than I do! I’m so grateful my son is flourishing at ANA.”

## Teachers Teaching Teachers

Brenda MacMenamin graduated from the FACE Foundations for Authentic Christian Teaching and Learning as a certified Principle Approach Master Teacher in 2021. Since then, she has partnered with FACE to present a weekly session on *Renewing the Mind for Teaching and Learning*, a ten-week study course to “restore Christian character and scholarship to American Christian education.” Her lively delivery in an online format and mastery of Biblical principles have attracted many new participants. Brenda is replicating the model of authentic Christian education by teaching teachers.

“Teach them to your children and to their children after them...and live!” Deuteronomy 4:9

# Preparing Students for a Productive and Satisfying Life

FACE reached a milestone in 2023 with the publication of *Language Mastery: Literature and Classic Grammar, Level Four*. The volume is filled with beautiful, four-color illustrations and an easy-to-follow format that sustains the teaching and learning process, plus supports The Noah Plan curriculum. The new book has been well-received in Principle Approach schools. One teacher remarked: *Thoughtfully organized and easily adaptable to various reading levels and learning styles. I love how each lesson provides students with opportunities to thoroughly demonstrate their understanding in a variety of creative ways. Beautifully written and engaging! Thank you, FACE.* Julie Hindman, MS Ed (Public, Christian school and homeschool teacher for 25 years).

## FACE Donors Sustain and Encourage

We are grateful for our faithful and generous supporters who sustain and encourage this ministry. FACE founders Rosalie Slater and Verna Hall labored in the field, leaving “the history of hope” for us and future generations. A friend of the ministry sent a letter, reminding us to remain steadfast and dedicated to the goal of teaching America’s Christian

history and self-government with Principle Approach education:

*Dear Members who are the quiet warriors of FACE, the humble and steadfast work, and above all else, dedication to the goal.*

*As this year accelerates to an unknown end, I’m reminded of the people there who work to the calling of your founders.*

*...May your fortress around your work and mine have the same soundness and integrity as Nehemiah’s wall. —Jim Finn*

## Enlightening the Nation Community by Community

Max Lyons, Director of Teaching Services, leads a weekly Principled Study Group at his church, Kempsville Presbyterian Church in Virginia Beach, Virginia. The group meets during the Sunday School hour to study the Biblical principles that formed our nation, and Max has been leading it for about 10 years. The class is full most weeks, with patriots eager to understand how and why we are a self-governing nation. Once individuals are educated in the basic principles, they gain an

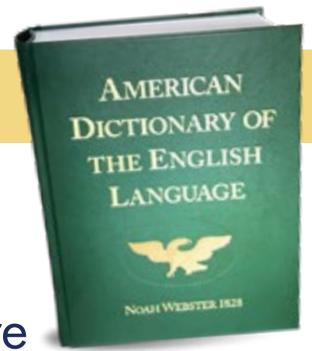

understanding of the political narratives and can easily apply Biblical principles to find legitimate solutions to the problems that plague our nation. FACE supports other study groups nationwide and offers five different courses to choose from when starting a study group.

## The Herzog SchoolBox

The Stanley M. Herzog Charitable Foundation exists to develop quality, Christ-centered K-12 education. Mr. Herzog, a businessman and philanthropist, “believed in an America where faith, family values, and hard work led to societal prosperity.” FACE is partnering with Herzog through an online resource dubbed “SchoolBox”, designed to support and strengthen the many new Christian schools “popping up” nationwide, helping parents and administrators navigate the startup process through training and mentoring. This partnership with Herzog SchoolBox will expand FACE’s offerings to our new school leaders.
