

Come and be a part of The Foundation Course for American Christian Teaching and Learning.

WHAT IS THE OUTCOME OF TEACHING YOU WANT TO ACHIEVE?

Outcome of Government/Secularized Teaching and Learning

- Teaching truth from finite human values of current social trends.
- Forming a dependent character to support collective needs.
- Learning as consumption of facts and information for objective testing.
- Mass-produced group-calibrated methods to meet norm-based outcomes.
- Education to serve political purposes.

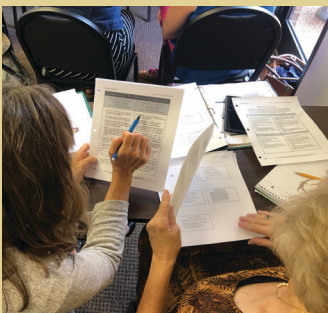

Outcome of Principle Approach® Teaching and Learning

- Teaching truth from the love of God and his infinite Word.
- Forming an independent character in submission only to Christ.
- Learning as internalizing and reasoning from eternal, life-giving principles.
- Individual honor and cultivation of each child's mind and heart.
- Education for leadership in a Christian Republic.

Our purpose is... to ask ourselves how and to what degree can we establish Christian standards so the philosophy, the curriculum, and the method testify of me—Christ.
